...WHILE PALESTINE BLEEDS!

For decades, our Palestinian brothers and sisters have been massacred, viciously murdered, driven out of their homes, robbed of their businesses and cruelly deprived of a decent way of life. Still, we stubbornly refuse to give up our "sacred", selfish, disgusting sip of **Coca-Cola** cooldrinks. We gulp down pieces of **Kentucky Fried Chicken** and **McDonalds** burgers as if it is manna from heaven.

These businesses, in particular, make no apologies for supporting the Zionist State of Israel. Those who continue to buy these products have no shame and have no compassion for the Palestinians. The Zionists and the American Imperialists are the worst slaughterers of Muslims all over the world. The Palestinians suffer the onslaught of an enemy who has no respect for civilian home life and no decency for the sacredness of Al-Aqsa.

Do not exclaim: "My life, my blood is for you Al-Aqsa...", while you still sip **Coke**, eat **Kentucky** or take your family to **McDonalds**. You are heartless and callous if you knowingly support those who support the Zionist occupiers of Palestine.

We urge you, especially the business people, shop owners, Cash&Carry's, bulk buyers and spaza shops, to **boycott these brands**. There are alternative cooldrinks and fast food outlets. For years we march, protest, donate food, medical supplies and money - but we don't cause any hurt to the enemy.

We urge the Ulahah, especially those involved with the Palestinian Support Groups, to recall their Halaal Certification from **Kentucky** and **McDonalds**. We urge you who talk about the suffering of the Palestinian women and children, and to stop advertising and promoting **Coca-Cola** products. Supporting those who fund the massacre of innocent human beings is despicable in the eyes of God Almighty!

Don't be selfish about your profits and business interests. Hurt the enemy of Palestine and Al-Aqsa - even if you have to give up the "luxury" of **Coke**, **Kentucky** and **McDonalds**. Think of all the suffering that our Palestinian brothers and sisters are going through!

By not supporting businesses that support the Zionist racist Israel, surely with the help of Allah, fewer bombs will be funded with our money. Allah provides sustenance for all. We do not have to hurt any human being to provide for our families.

Ask yourselves: *Will I help to finance the next shipment of bombs and bullets that will kill and maim innocent defenseless Palestinians?*

A call upon all freedom-loving, anti-racist, God-fearing human beings - especially **Muslims...**

Boycott
